

PHSCE : Year 3

MUSIC: Year 3

-We are learning about different types of learners.

Logical/mathematical learner

A person who learns in a logical/mathematical way.

Spatial learner

A learner who likes to draw, build, design and create things.

Musical learner

A person who likes to sing, compose and play instruments.

Kinaesthetic learner

A learner who likes to learn by moving around the room and touching things. Kinaesthetic learners are usually good at PE, dance and acting.

Naturalistic learner

A person who likes to be outdoors. They usually like to learn about Geography and the weather.

Interpersonal learner

A learning who likes to learn by talking to people. Interpersonal learners like to lead other people and like working in a team.

Intrapersonal learner

A learner who likes to pursue their own interests on their own.

Goal

What is a goal?

A goal is the end result. You need to think about your goals for the future and how you are going to achieve it. It is important to come up with a realistic plan of how you will achieve your goals.

We are learning about the instruments in the orchestra.
